

Exhibit "H"

Lincoln Property Company is requesting a locksmith company to be able to respond to routine and 24/7 emergency calls for any door or lock issue that might arise.

- Assist with Key Management of the entire facility including the Retail Spaces
- Record lock set changes in the Master Log for Key Tracking and Inventory
- Respond to calls for lock issues in the building within a two-hour minimum time frame
- Replacement keys to be logged into the Master Key Tracking File
- Salesforce Transit Center has a two-part locking system. (A.) hard key system and (B.) card key access system. The locksmith company will only be responsible for the hard key system.
- Contractor to have available parts for the lock system readily available
- Project Management experience in Master Hard Key Systems
