He reported on coordination efforts for Under Ramp Park (URP) with the Office of Community Investment and Infrastructure (OCII) who will fund and develop URP and noted that the California Transportation Commission, with support from Caltrans, approved a lease for $1/year at their August meeting. He further reported on the $5.4 million allocation provided by the San Francisco County Transportation Authority (SFCTA) in April 2017 to continue preliminary engineering and design work on the elements of the Downtown Rail Extension (DTX) that are common to all alternatives under consideration by the Railyards Alternatives and I-280 Boulevard (RAB) feasibility study. He specified that the allocation included funding for a tunnel options study and the preliminary results would be presented at the October TJPA Board Meeting. He also indicated that staff continues to work closely with the RAB team and the RAB team has confirmed that their study will be completed with a decision on selecting an alignment by December 2017. He stated that a public relations and community outreach firm is being sought to assist with the transition from the Temporary Terminal to the Transit Center.

Niccolo DeLuca, Townsend Public Affairs, provided a legislative update regarding Regional Measure 3 (RM3)/ SB595 and stated that the Transbay Program is looking good at $325 million for Phase 2/DTX and up to $500 million for operations. The Governor is expected to sign the bill for it to go to the voters on the June 2018 ballot.

Director Harper suggested it be clarified further that the revenue of TJPA’s park belongs to the TJPA.

Jim Patrick, Patrick & Co., provided comments regarding the rules and regulations for TJPA’s park and his understanding that the San Francisco Recreation and Parks Department would have jurisdictional authority. He also expressed concern because of his interpretation of how Proposition K, the Shadow Ordinance, would impact the park and nearby development. He provided a copy of the Shadow Ordinance and stated that he did not support modeling the Yerba Buena Garden park rules and regulations.

Andrew Robinson, East Cut Community Benefit District (CBD), provided comments in support of the item and stated the CBD is responsible for up to 80% of the maintenance and operations costs of TJPA’s park. On motion to approve:

ADOPTED: AYES – Harper, Kim, Reiskin and Nuru

Dennis Turchon, TJPA Senior Construction Manager, and Ron Alameida, Director of Design and Construction, presented the update along with Steve Humphreys of Webcor/Obayashi, Construction Manager/General Contractor, who reported on the schedule mitigation plan.

Director Reiskin inquired about the 5-weeks between the overall substantial completion date for the transit center and the mid-February 2018 lower levels substantial completion date. Mr. Alameida responded that it is probably for testing systems and commissioning and Mr. Humphreys confirmed. Director Reiskin asked if there is an opportunity to segment the request for temporary occupancy, even substantial completion for beneficial use, of the facility since the full facility will not be in use from day one. Mr. Alameida replied that it would be a challenge due to some of the systems, such as security and fire alarm.

Director Harper indicated that the AC Transit General Manager continues to reiterate to him the importance of all the things necessary for their service to function at the transit center on date specific. Mr. Alameida stated the need to push for more clarity from AC Transit.

Martha Velez, TJPA Facility Manager, and Sidonie Sansom, TJPA CSO, presented the item.

Director Reiskin complimented staff on the presentation and suggested the schedule information be presented in the same manner as the Construction Update. He was pleased that some certainty on costs are coming to fruition and requested to see a cost comparison from what was contemplated and what is known now. Executive Director Zabaneh offered to meet with Mr. Patrick to clarify his misunderstanding.

Director Reiskin clarified that the TJPA will not need to go to the San Francisco Recreation and Parks Department for permits for the TJPA park.
