ARTICLE I

RECOGNITION OF UNION AND COVERAGE OF AGREEMENT

Section 1. UNION RECOGNIZED AS COLLECTIVE BARGAINING REPRESENTATIVE OF EMPLOYEES.

The Associations and the individual Employers hereby recognize the Union as the sole and exclusive bargaining representative of all employees of the individual Employers performing work over which the Union has territorial jurisdiction and scope of work. (See Article X.)

Section 2. EMPLOYERS AND WORK COVERED.

(a) ASSOCIATION AUTHORITY TO ENTER AGREEMENT. Each Association warrants that it has written authority from each of the member firms listed on Exhibits A. to enter into this Agreement for and on their behalf.

(b) AGREEMENT BINDING ON MEMBER FIRMS. This Agreement shall be binding upon each and every firm listed on Exhibits A with the same force and effect as if said Agreement was executed by such member individually.

The Contractors submitted on Exhibits A at this time who have given Powers of Attorney to each signatory Association to represent them in negotiations, copies of which Powers of Attorney have been submitted to Local Union 38, shall be recognized as parties to this Agreement. In addition, each Association shall notify Local Union 38 of any contractor who, during the term of this Agreement grants power of attorney to the Association, copy of which power of attorney shall be submitted to Local Union 38, and Local Union 38 shall recognize such contractor on the appropriate Exhibit A on the following anniversary date of the Agreement (i.e., July 1st of each year).

(c) EMPLOYERS BOUND BY AGREEMENT. Each employer listed on an Exhibit shall be and continue to remain, personally and individually, liable under this Agreement for and during the term hereof, irrespective of whether said member shall cease to be a member of the Association prior to the date set for the expiration of said contract. Wherever this Agreement refers to an Employer in the masculine it shall be deemed to also include the feminine.

(d) CHANGES IN OWNERSHIP. This Agreement shall be binding upon each of the individual Employers party hereto, and upon their heirs, successors and assigns, including any successor partnership or corporation. The successor individual Employer, partnership or corporation shall agree to

continue in its employ those employees working for the original Employer and it shall be the legal obligation of the original Employer to include such a provision in his contract of sale to the successor Employer, partnership or corporation. In the event that this provision is violated, the Union shall invoke the arbitration clause and the arbitrator shall have the authority to assess damages for any loss of pay by employees against either the original Employer or the successor or both. Any new or additional partners or owners shall immediately sign this Agreement, but such signature shall not be necessary to their liability. Each Employer agrees to promptly notify the Union in writing by registered mail of any change in ownership, or change in partners, and persons who were partners or owners at the time this contract is executed shall remain individually responsible and liable for the observance of the terms and conditions of this Agreement until such notice is given and the new partners or owners become signatory hereto. No Employer shall hold an interest in, be affiliated with or operate in conjunction with any person, firm or corporation which is engaged in any work covered by the terms of this Agreement and is not a signatory to this Agreement with respect to work performed in the geographical area covered by this Agreement. The Employer shall give prompt notice in the event any partner or individual assumes any interest or performs any executive or supervisory functions in the firm of the Employer who also maintains an interest in, works for or contracts to have work performed by a firm engaged in plumbing, pipefitting or HVAC/Refrigeration work covered by this Agreement that is not a signatory to this Agreement. In the event, at the time of execution of this Agreement, the Employer maintains an interest in two firms, the Employer warrants that, to the fullest extent permitted by law, this Agreement shall be applicable to any firm, corporation or enterprise engaged in plumbing, pipefitting and HVAC/Refrigeration work with which he or his firm is affiliated, directly or indirectly. The Employer shall be liable for any breach of this Agreement by any other firm engaged in plumbing, pipefitting or HVAC/Refrigeration work, as above set forth.

Where a signatory to an Agreement is also an owner, partner, holds a financial interest in or occupies a managerial or supervisory position in any other firm engaged in any work covered by this Agreement, the execution of this Agreement shall be deemed to be applicable to any work covered by this Agreement performed by such other firm to the fullest extent permitted by law and the execution of this Agreement shall render the signatory personally liable for any violation of this Agreement by such other firm or enterprise.

(e) PERMITS. Except in the event of extreme emergency requiring immediate corrective action, no signatory contractor shall commence work on any job requiring the issuance of a permit unless and until the permit has been obtained. The practice of commencing work on a job and subsequently

obtaining a permit shall be discontinued.

This provision has been inserted into the Agreement in order to assist policing observance of the terms of the contract by signatory employers and, therefore, in the event of any ascertained violation of this provision, the Arbitration Committee is authorized to assess damages for such a breach in an amount up to, but not in excess of, the wages paid or that should have been paid to all employees employed or required to be employed on such work prior to the obtaining of a permit.

In the event it is not possible to obtain a permit in observance of this Section, the Employer may commence the work and simultaneously send by certified mail a notice to the Union that such a job has been commenced together with the names of the employees employed on the job.

The provision of this sub-paragraph (e) shall not be applicable to Jobbing, Service and Repair work.

(f) EMPLOYER QUALIFICATIONS. Certain qualifications, knowledge, experience and financial responsibility are required of everyone desiring to be an Employer in the plumbing, pipefitting or HVAC/Refrigeration industry. An Employer who contracts for plumbing, pipefitting or HVAC/Refrigeration work is a person, firm or corporation having these qualifications, maintaining a permanent place of business, having adequate tools and equipment and a suitable financial status to meet payroll requirements. Such Employer must be in possession of a valid State license to permit him to perform plumbing, pipefitting or HVAC/Refrigeration work and shall demonstrate to the Union that he meets these particular qualifications at all times. He shall have appropriate truck or trucks with the name of the Employer affixed to the truck at all times. He shall have a telephone at his place of business. He shall carry Worker's Compensation Insurance with a company authorized to do business in this State and shall furnish satisfactory proof of such to the Union. He shall also make payments to the Employment Development Department, State of California Health and Welfare Agency for all employees covered by the terms of this Agreement. The Union shall not be obligated to recognize any person, partnership, firm or company as an Employer who is establishing an enterprise solely for the purpose of performing one or two jobs in the local area and who does not meet the foregoing qualifications to function as an Employer.

Section 3. WORK PRESERVATION.

That the preservation of work customarily and traditionally performed by the Employers' employees and work, which is fairly claimable by them, shall be performed by them is of the essence. To that end the Employer agrees that:

(a) UNIT. The relevant unit for the purpose of determining customary,

traditional or fairly claimable work covered by this Agreement shall be composed of all individual employers signatory to this Agreement.

(b) SUB-CONTRACTING. No Employer shall subcontract or sell or broker a contract covering any work covered by this Agreement or any work fairly claimable by employees covered by this Agreement, which is to be performed at the construction site, except to a contractor who observes the schedule of hours provided in this Agreement and pays wages, penalty rates and provides working conditions and benefits not less than provided in this Agreement. It shall be made a condition of any such subcontract that the subcontractor sign this Agreement and agrees to be bound by all terms and provisions of this Agreement. The Employer shall remain responsible for the payment by any subcontractor of all wages, fringe benefits, and other payments required by this Agreement.

(c) No Employer shall subcontract or sell or broker a contract covering any work covered by this Agreement or any work fairly claimable by employees covered by this Agreement which is to be performed off the site of construction, including shop fabrications, except to a contractor, fabricator, employer or such person who agrees that the employers performing such work will:

(1) Observe the schedule of hours provided in this Agreement;
and

(2) Receive not less than the total of the economic benefits provided for in this Agreement, including, but not limited to, payments equivalent to the amounts required to be paid employees under this Agreement for wages, holidays, vacations, premiums, overtime, health and welfare and pension benefits and any other program or contribution required by this Agreement; and

(3) Such employer, fabricator, contractor or person further agrees to submit any grievance or disputes concerning the performance of work subject to this section to the procedure set forth in Article XII of this Agreement.

(d) NOTICE BY THE EMPLOYER OF SUB-CONTRACTING. The Employer shall give written notice to the Union of any subcontract, sale or brokerage of a contract, involving the performance of work covered by this Agreement or fairly claimable by employees covered under this Agreement within five (5) days of entering into such subcontract, sale or brokerage and shall specify the name and address of the subcontractor or purchaser. Failure of the Employer to submit such notice shall subject the Employer to such damages as are determined by the Arbitration Committee. In the event the Union determines that the provisions of this Agreement have not been complied with, the Union may serve a written demand upon the

Employer to refrain or to cease any disputed work pending resolution of any such dispute in accordance with the procedures contained in Article XII of the Agreement. In the event the Employer fails to cease or refrain from performing or having the disputed work performed on demand of the Union, the Union may apply for and shall be granted a temporary restraining order in any court of competent jurisdiction restraining the performance of such disputed work pending resolution of the dispute in accordance with this Agreement

(e) CONTRACTING BY EMPLOYEES PROHIBITED. No Employer shall subcontract work to any employee or arrange with any employee to do work on a contract basis or any basis other than as provided in this Agreement.

Section 4. TERRITORY COVERED.

The area covered by this Agreement shall be all of the City and County of San Francisco and the Counties of Marin, Sonoma, Mendocino and Lake, State of California, and such other areas as may in the future be assigned to U.A. Local 38 as part of its jurisdiction.

Section 5. WORKING OUTSIDE THE TERRITORY.

Whenever an individual Employer whose permanent yard or shop is located within the territory covered by this Agreement takes one or more of his employees to perform work outside this territory, such Employer shall continue to pay the wage and fringe benefit contributions as provided for in this Agreement.

Section 6. EMPLOYEES COVERED.

This Agreement shall apply to and cover all persons employed by any of the individual Employers covered hereby who perform any type of work covered by this Agreement.

Section 7. WORK COVERED.

(a) GENERAL. This Agreement shall cover all work as defined in Article X.

(b) DRIVING OF VEHICLES. This Agreement shall cover the driving of vehicles for delivery of equipment or materials for use in installation by journeymen and apprentice plumbers or steamfitters or HVAC/Refrigeration as traditionally performed in the plumbing and pipe fitting and HVAC/Refrigeration industry and persons driving said vehicles must possess a valid driver's license but this shall not be a condition of employment.

Section 8. SUBTERFUGE PROHIBITED; FABRICATED PIPING.

(a) PROHIBITION AGAINST SUBTERFUGE EVASION: FABRICATED PIPING. No Employer or employee shall evade the spirit of this Agreement by any subterfuge. In particular, no Employer shall evade the spirit of this Agreement by using piping fabricated outside the territory covered

by this Agreement under this Agreement. Whenever the Union believes that fabrication is being effected in violation of this section, it may submit the matter to the grievance and arbitration process provided for in this Agreement, and until a final decision is rendered on such matter the fabricated piping shall not be used and no employee shall be required to handle or install it.

Any contractor who performs fabricating work for any job to be installed within the territory covered by this Agreement shall fabricate within the territory covered by this Agreement and under the terms of this Agreement. In the event any contractor fails to abide by this section, he shall be obligated to pay damages equivalent to the wages and fringe benefit contributions that would have been paid had the work been performed under the terms of this Agreement.

(b) PROHIBITION AGAINST COLLUSIVE ARRANGEMENTS. No Employer shall evade the spirit of this Agreement by conspiring, agreeing, or making arrangements with an owner, architect, or general contractor to avoid the effect of this Agreement through omission from the applicable specifications of work, including fabrication, which would otherwise be covered by the terms hereof. Whenever the Union believes that this subsection is being violated, it may submit the matter to the grievance and arbitration process provided for in this Agreement, and pending a decision thereon it may apply for and shall be granted a Temporary Restraining Order and Preliminary Injunction from any court of competent jurisdiction requiring the Employer to cease and refrain from continuing any work alleged to be in violation of this Section.

(c) PRE-FABRICATION SIDE LETTER. Shall become part of the Agreement.(PRE-FABRICATION Agreement is part of this Collective Bargaining Agreement)

In the event it is determined through the grievance procedures that the Employer has violated the sections of this Article, employees who should have performed the work shall be reimbursed for all wages lost and the Employer shall make the fringe benefit contributions for all days, or fraction of days, lost during the period of violation to the date the Employer corrects the violation and notifies the Union in writing that the violation has been corrected.

Section 9. RESPONSIBILITY OF NEW CONTRACTOR ON PARTIALLY COMPLETED PROJECT.

Whenever a contractor has definite knowledge that he is taking over a contract for a job that has been partially completed by another contractor, he shall notify the local union in writing before starting work. On any job or project which has been partially completed by one contractor and work

thereon has stopped because of the failure of the contractor to meet his current obligations, and money is due and payable to employees either as wages or fringe benefits and has not been paid, it shall not be a violation of this Agreement for the Union to refuse to permit persons covered by this Agreement to work on said job or project until all such wages and fringe benefits have been paid nor shall it be a violation for the Union to remove workmen from the job because of unpaid wages and fringes. Such action may be taken without prior resort to the grievance and arbitration procedures contained in this Agreement.

Section 10. COMPLIANCE WITH STATE AND FEDERAL LAWS.

All parties shall live strictly up to all State and Federal laws; City and County ordinances pertaining to the plumbing, heating, HVAC/Refrigeration, utilities and pipe fitting industry, including all State safety and health measures and laws.

(b) REMEDIES FOR VIOLATION OF HIRING PROCEDURES. Violation of this Agreement by hiring employees without complying with the provisions of this Article, or by obtaining or transferring workmen in violation of this Article, or by assigning work covered by this Agreement to employees who are not qualified plumbers, steamfitters, pipefitter/welders, HVAC/Refrigeration journeymen or apprentices shall be subject to the following remedies, in addition to others which may be available under this Agreement or as a matter of law.

(1) Upon notification by the Union that it believes such violations to have occurred, the Employer or the Union may submit the issue to the Arbitration Committee as provided herein; but pending decision by that Committee, the Employer shall forthwith cease employing or assigning work to the employees in dispute. In the event the Union submits a matter to the grievance machinery provided for in this Agreement, and it is determined by the Arbitration Committee or through arbitration that the Employer, in fact, has violated the provisions of this Article, the Employer shall reimburse all employees who withheld their labor during the pendency of the dispute for all time lost and all fringe benefit contributions that would have been made had the employees continued to work during the period of such dispute. The Union may require that such payments be made before the employees will return to work.

(2) The Arbitration Committee shall order payment of such amount to the Lakeside Haven/ Kids Camp Recreational Trust. In addition, the Arbitration Committee shall have the authority to levy a fine in such an amount as they deem appropriate.

Section 13. SENIORITY.

It is the desire of the parties to provide employment for persons who have worked previously within the area covered by this Agreement, and in cooperation with the plumbing, pipefitting and HVAC/Refrigeration industries to provide employment for persons who have worked in those areas as well. Therefore, qualified journeymen: plumbers, steamfitters, pipe fitter/welders and HVAC/Refrigeration shall be hired and/or rehired in accordance with seniority as follows:

(a) SENIORITY GROUP I shall consist of plumbers, steamfitters, pipe fitter/welders and HVAC/Refrigeration journeymen who have been employed by a contractor party to this Agreement working in San Francisco, Marin, Sonoma, Mendocino or Lake Counties and for whom a minimum of 1500 hours of contributions per year, including reciprocity hours, have been contributed to the U. A. Local 38 Trust Funds since July 1, 2007.

(b) SENIORITY GROUP II shall consist of all other qualified plumbers, steamfitters, pipe fitter/welders and HVAC/Refrigeration journeymen in the Building and Construction Trades Industry.

(1) No employee shall be permitted to register on any out of work list while employed.

(c) JOINT HIRING COMMITTEE POWER TO IMPOSE PENALTIES. Any individual who engages in "moonlighting", working in the territorial area covered by this Agreement for a contractor not signatory to this Agreement, or any applicant who knowingly misrepresents his past experience or employment, works under this Agreement at wages and conditions less favorable than those contained herein, or who seeks employment outside the procedures of the Hiring Hall, may be suspended from the out-of-work list for a period as determined by the Joint Hiring Committee up to twelve (12) calendar months from the date of determination by the Joint Hiring Committee that such offense occurred. He may also be assessed damages for breach of the Agreement to \$1,000 for each day of violation in addition to the secretarial costs for the transcript of the hearing.

(d) PROHIBITIONS FOR INDIVIDUALS HOLDING ACTIVE CONTRACTOR'S LICENSE. No individual who holds a contractor's license will be permitted to be dispatched pursuant to the referral process to work on work covered by this Agreement unless he submits evidence that he has made his contractor's license inactive through the procedure specified by the California Contractor's State License Board. Further, contractors who

have worked as employers or self-employed persons and subsequently go out of business and desire to register pursuant to the provisions of the referral procedure shall be required as a condition precedent thereto to sign an agreement not to engage in business as a contractor for a period of one (1) year and until sixty (60) days notice is given to the Joint Hiring Committee of an intention to engage in contracting work and to cease utilizing the facilities of the referral procedure. In the event of a violation of this Section, any employee who is engaged in contracting work while employed by a contractor under the terms of this Agreement shall be penalized not less than one (1) month's wages and fringe benefits for each such violation.

Section 14. HIRING HALL LOCATIONS AND DISPATCHING PROCEDURE.

(a) OUT-OF-WORK LISTS. The Union shall maintain an out-of-work list at each of its Hiring Hall offices. The Joint Hiring Committee shall be authorized to close any of the existing Hiring Halls and to establish any new Hiring Halls as in their opinion appears proper. In the event other Hiring Halls are established, the Hiring Hall Committee shall notify applicants of Counties covered.

(b) REPORTING FOR REGISTRATION. An applicant who desires to be dispatched to a job shall register by telephone or in person on the out-of-work list. In order to maintain his/her place on the list, he/she must re-register by telephone or in person noting the date opposite his or her name at least once each month. At the time of registering, the applicant shall supply the Dispatcher with a current telephone number at which the Dispatcher may reach the applicant for the dispatch to a job. It shall be the responsibility of the applicant to inform the dispatcher of any change in the telephone number.

(c) ORDER OF REGISTRATION. The Union shall establish and maintain a separate appropriate registration list for qualified applicants available for employment as journeymen: plumbers, steamfitters, pipe fitter/welders or HVAC/Refrigeration. Applicants shall be registered on the appropriate craft out-of-work list in the order of registration. Within each craft list, applicants shall be registered in the highest seniority group for which they qualify.

(d) LOSS OF PLACE ON OUT-OF-WORK LIST. So long as applicant re-registers each month, between 8:00 and 9:30 A.M. with the dispatcher and notes the date of re-registration, an applicant shall retain his/her place on the out of work list until he/she has had at least fifteen (15) working days, unless he/she quits or requests a layoff, or is discharged for cause. Except as provided in (b) no dispatcher or other person is authorized to register or re-register for applicant. Any person who quits or requests a layoff prior to the expiration of the fifteen (15) days for the purpose of circumventing

this provision shall be placed at the bottom of the list. It is the obligation of any member who is on travel card and working in another jurisdiction to notify the dispatcher immediately whenever he goes to work in such other jurisdiction. Any member who was on travel card and who has worked at least fifteen (15) days in another jurisdiction shall have his name removed from the list.

(e) ALL DISPATCHING SHALL BE BY TELEPHONE. Applicant shall be at the telephone number he/she has designated in the membership files between 8:00 A.M. to 9:30 A.M. in order to receive dispatch calls. (Answering machines and pagers will not be accepted) In the event that the applicant is not at the designated telephone number when called by the Dispatcher, the Dispatcher shall pass his/her name and proceed to the next qualified applicant on the list. Those applicants signed in at the Dispatch Hall in San Francisco will be eligible for jobs only in San Francisco. Those applicants signed in the Santa Rosa Dispatch Hall shall be eligible for jobs only in Marin, Sonoma, Mendocino and Lake Counties.

(f) THE DISPATCHER SHALL KEEP A RECORD OF THE FOLLOWING:

(1) The date that he telephoned the applicant.

(2) Whether the applicant was dispatched to the job.

(g) REGISTRATION IN MORE THAN ONE (1) DISPATCH HALL. An applicant may register at more than one (1) Local 38 Hiring Hall provided, however, he/she must register in his/her classification, as set forth on his/her United Association membership card, in each Hall. If an applicant is dispatched from one (1) Hiring Hall, he/she shall have his/her name removed from all other out-of-work lists in the other Hiring Halls after he/she has been employed for fifteen (15) days or more.

Section 15. ORDER OF DISPATCH.

Upon the request of a contractor for employees, the Union shall endeavor to furnish the persons requested. In dispatching applicants from each list, the Union shall first refer to applicants with Group I seniority in the order in which their names appear on the list, and shall follow the same procedure successively with Group II. Provided, however, that:

(a) KEY EMPLOYEES. Requests by contractors for applicants to act as supervisors, foremen, or general foremen shall be honored without regard to the requested employee's place on the out-of-work lists; provided requests for applicants to serve as key employees from Group II shall not be honored so long as there are applicants on the Group I list. For purposes of this Section, a welder shall not be considered a key employee except in those shops that perform welding exclusively.

(b) EMPLOYEES REHIRED WITHIN ONE HUNDRED AND TWENTY

(120) DAYS. Requests by contractors for particular plumbers, steamfitters, pipe fitter/welders or HVAC/Refrigeration journeymen from Group I who have been laid off or terminated by the contractor within one hundred and twenty (120) working days prior to the request shall be honored without regard to the employee's place on the out-of-work list.

(c) SPECIAL SKILLS. Bona fide requests by contractors for plumbers, steamfitters, pipefitter/welders or HVAC/Refrigeration, journeymen, medgas, backflow certified, etc. with special skills and abilities will be honored. Jobbing, service and repair shall be considered a special skill. The dispatcher shall dispatch persons possessing such skills and abilities in the order in which their names appear on the out-of-work list.

Where a contractor requests a welder with certification, such welder shall be dispatched to the contractor even though there may be uncertified welders higher on the list.

In determining whether an applicant possesses the particular skills and abilities called for by a contractor, the dispatcher shall consider the applicant's skills and abilities gained either through personal knowledge or the reports of contractors.

The Joint Hiring Committee is empowered to draft rules and regulations relating to requests by contractors for plumbers, steamfitters, pipe fitter/welders and HVAC/Refrigeration journeymen with special skills and abilities, and to modify the provisions of this Section pursuant to issued rules and regulations by requiring additional other proof of the skills and abilities called for to define the type of special skills and abilities which will warrant a special request.

(d) RIGHT TO HIRE BY NAME. Any Employer requesting employees shall have the option of requesting journeymen and apprentices by name provided:

(1) The individual so requested by name is registered on the out-of-work list in Group I.

(2) Neither the Employer nor any representative of the Employer has caused or induced any such employee to cease working for any other Employer and to register in the Hiring Hall in order that he/she could be employed pursuant to the provisions of this Section.

The privilege of calling for an employee by name from among eligible employees in Group I by craft classification may be obtained by hiring by name first and the next hire shall be an individual from the Hiring Hall on an unnamed basis.

(e) No Employer shall be eligible to exercise the privilege of calling an

employee by name for the duration of the Agreement if, during the life of this Agreement the Employer has been found by the Arbitration Committee to have intentionally and deliberately; (a) violated any of the wages or benefit provisions of this Agreement; (b) hired any individual other than through the Union Hiring Hall; (c) solicited employees to work under scale. In addition, any Employer who is currently delinquent in the payment of fringe benefits shall be precluded from requesting an employee by name during the pendency of said delinquency.

(f) No employee shall be eligible to be dispatched pursuant to a name request if:

(1) The employee is not in Group I.

(2) The employee has been found by the Union, after charge, notice and hearing, to have worked in violation of the Agreement under circumstances leading the Union to determine that such violation was effected with knowledge that the acts committed were violative of the Collective Bargaining Agreement.

(g) GOVERNMENTAL REQUIREMENT. Whenever a contractor informs the Hiring Hall that he needs minority or female employees from defined zip codes in order to meet qualifications required for a specified governmental job, the dispatcher shall be authorized to send minority or female employees to such job without regard to his/her place on the out-of-work list.

(h) LICENSES REQUIRED. No applicant shall be dispatched to a job unless he/she possesses whatever license may be required by applicable law to perform the work involved.

(i) SENIOR EMPLOYEES. Employers shall attempt to see that of every six (6) employees employed under the terms of this Agreement, one (1) shall be over the age of fifty-five (55).

(j) DISCLAIMER OF LIABILITY. The Union shall not be responsible for the quality of workmanship or the conduct of any employee dispatched to the job, nor shall the Union be obligated to inquire into the personal background of any individual dispatched, beyond determining, in the same manner as it has in the past, his/her basic knowledge of the trade.

(k) NOT ELIGIBLE FOR REHIRE. If an employee is not eligible for rehire the employer must first send a letter to the dispatch office stating the full reason. (This section is grievable)

Section 16. DISPATCHED PERSONS NOT TRANSFERABLE.

Persons dispatched from the Hiring Hall shall only perform work in the proper classification in which they have been dispatched. It shall be a violation of this Agreement for a contractor to transfer employees from

one such classification to the other. Or transfer to or obtain, employees from another contractor, without following the referral procedure described herein.

Section 17. OUTSIDE CONTRACTORS; ONE EMPLOYEE IN PROVISION.

It is recognized that contractors whose principal place of business is outside the territory covered by this Agreement would be at a disadvantage if they were unable to bring with them at least a minimum crew familiar with the Employer's manner of operation (principal place of business may be challenged by the Union). Therefore, it is agreed that such outside contractors may bring into the area temporarily to perform work herein on each job one (1) plumber if the work to be performed is plumbing work at which time he shall simultaneously obtain one (1) plumber through the local Hiring Halls established herein, one (1) steamfitter if the work to be performed requires the skill of a steamfitter at which time he shall simultaneously obtain one (1) steamfitter through the local Hiring Halls established herein, and one (1) HVAC/Refrigeration journeyman if the work to be performed requires the skill of a HVAC/Refrigeration journeyman at which time he shall simultaneously obtain one (1) HVAC/Refrigeration journeyman through the local Hiring Halls established herein. Because the privilege of an Employer to bring an employee into the local area is designed to permit the Employer to bring in an individual familiar with the Employer's manner of operations, any employee so brought in must previously have been employed by the Employer for at least one hundred eighty (180) days in the preceding two (2) years and must have been obtained in accordance with the referral procedures prescribed in the U.A. contract prevailing in the area of their regular employment and location of the Employer's principal place of business to the extent such procedures are legal.

Any employee brought in or composing the minimum crew provided for in this Section shall deposit a travel card, be dispatched from Local 38, and be compensated solely and exclusively in accordance with the provisions of this Agreement and payments for the fringe benefits as provided in this Agreement shall be made in accordance with the following provision:

(a) When a Local 38 contractor or outside contractor who employs members dispatched by Local 38 and works these members outside the jurisdiction of Local 38, he shall pay Local 38's wages and shall send to the Administration Office of Local Union 38 all of the fringe benefits required by the Local 38 contract including overtime hours.

(b) Where an outside Local Union 38 contractor works in Local 38's jurisdiction and brings in a non-Local 38 member, he shall pay the total

taxable wages of Local 38 as stipulated in this Agreement and transmit to the Local 38 Trust Funds the difference between the non-taxable fringes required by his home local and that of the Local 38 contract including overtime hours.

If the job is new construction, the difference shall be based on the new construction non-taxable fringes of Local Union 38 and that of his home local union; if the job is a market recovery, the difference shall be based on the market recovery non-taxable fringes of Local 38 and the non-taxable fringes of his home local union.

(c) Where an outside Local 38 contractor employs a non-Local 38 member he shall, upon request, submit his payroll showing the wages paid to the non-Local 38 member within five (5) days after the payment of wages. He shall submit upon request the record of the fringes he has transmitted to the non-Local 38's member's home local along with the difference in fringes paid to the U. A. Local 38 Administration Office monthly within fifteen (15) days after completion of the work month.

(d) In the event any contractor repeatedly violates this provision, he shall be brought before the Arbitration Board who shall set a fine for each violation.

Section 18. JOINT HIRING COMMITTEE.

The parties to this Agreement herein establish a Joint Hiring Committee composed of two (2) representatives of the Union and two (2) representatives of the Contractors Association provided, however, that one (1) and one (1) shall constitute a quorum.

(a) Any alleged violation of the provisions of the Hiring Hall made by any applicant shall be submitted in writing within forty-eight (48) hours of knowledge of the alleged violation to the Joint Hiring Hall Committee. The Joint Hiring Hall Committee shall meet on the call of the Chair whenever any applicant alleges a violation of the Hiring Hall provisions. Failure to file a grievance in writing within the time limit above specified shall constitute a waiver and abandonment of such grievance.

(b) The Joint Hiring Hall Committee shall have the power to review and make any changes in the Hiring Hall provisions during the life of this Agreement. The Committee shall also have the power to establish any and all rules and regulations from time to time as it deems advisable for the operation of this provision.

(c) All applicants, employees and employers shall observe all of the provisions of this Agreement as well as any and all rules and regulations adopted by the Joint Hiring Committee.

(d) The Union shall post in the Union dispatch offices all rules and

regulations adopted by the Joint Hiring Committee.

Section 19. SCHOLARSHIP AGREEMENT.

Any apprentice and/or journeyman who goes to work for a non-union employer shall be required to repay the cost of training as agreed to by the Scholarship Agreement.

Section 20. UNION SECURITY.

All persons employed continuously or accumulatively within the unit covered by this Agreement for a period of seven (7) days from the date of their employment or the date of this Agreement, whichever is the later, shall as a condition of employment become members of the Union by tendering the full and uniform initiation fees in effect; and all persons accepted into membership shall thereafter maintain their continuous good standing in the Union as a condition of employment by paying regular dues. In the event that a person fails to tender the initiation fees or dues as required by this Section, the Union shall notify the Employer in writing, and the Employer shall discharge the person within forty-eight (48) hours. (Saturdays, Sundays and holidays excepted). Upon passage of the legislation authorizing a shorter period of time the seven (7) day period mentioned above shall be shortened accordingly. No employee shall be discriminated against, in hiring, layoff, discharge, or any term or condition of employment on account of union membership or activities, except as provided herein. This Section shall not require the Union to accept any person into membership.

Section 21. DUES/COPE AND ASSESSMENT CHECKOFF.

(a) The Dues/COPE or assessment check-off for each employee covered by this Agreement, who has executed a written authorization regarding same, in a manner and form as required by law, shall be checked off and deducted from his/her wages by the Employer, in accordance with the Agreement and submitted to the Trust Fund Administration Office, by means of transmittal of their monthly Employer's Report of Contributions to the Trust Fund's depository bank, it shall thereafter be transmitted by check to the Union.

(b) Each employee having Dues/COPE or assessments checked off shall execute the aforesaid written authorization to do so and submit same to the Union, who shall, while such written authorization remains in effect, ascertain the deduction to be made in accordance with the Agreement and shall notify the Trust Funds Administrator.

(c) The individual Employers do, for the purpose of this Article, hereby authorize the Trust Funds depository bank as their agent, and the agent for each of them, to deposit the Dues/COPE assessment funds into a separate account to be thereafter transmitted by check to the Union.

(d) The Trust Fund Administrator, prior to February 1st of each year, shall

supply the employee with a statement mailed to his last known address, as shown on the records of the Trust Funds, showing the amounts, if any, so checked off as Dues/COPE or assessments to the Union for the previous calendar year.

(e) In the event any employee has not executed an authorization in writing for the Dues/COPE or assessments, said employee shall nevertheless be liable for Dues/COPE or assessments as a condition of employment.

Section 22. LAYOFFS.

(a) STEWARD LAST EMPLOYEE TO BE LAID OFF. In the event of layoff, with the exception of the foreman, the steward shall be the last employee laid off provided he/she is competent and capable to perform the duties assigned. The retention of the foreman in lieu of the steward shall be applicable only if the foreman is a long-time employee of the Employer or his/her retention is necessary because of special competence to perform the work. This exception shall not be abused to circumvent the necessity of retaining the steward. Stewards shall not be discharged except for just cause and then only after a meeting with the Union stating the cause. Stewards shall not be transferred from job to job without the consent of the Business Manager of the Union.

(b) LAYOFF IN ORDER OF SENIORITY GROUPINGS. Except in the case of discharge for good cause, employees shall be laid off in the reverse order of the seniority groups provided for in the Hiring Hall provisions; that is, persons in Group II shall be laid off before persons in Group I. Layoffs of apprentices shall follow the ratios established in Article III.

(c) THIRTY (30) MINUTE LAYOFF TIME. Where an employee is laid off or discharged, he/she shall be given at least thirty (30) minutes notice before the end of the last day of work, with compensation, to pick up tools and equipment.

(d) EMPLOYER COMPLIANCE. The Employer shall immediately notify the dispatch office upon his laying off any applicants dispatched to him setting forth the time, date and job of layoff. Any Employer who fails to comply shall pay a fine in the amount established by the Arbitration Committee.

Section 23. SHOP STEWARD.

When an order is presented for an employee and the Business Manager believes it is in the interest of the Union that the shop and/or job should have a shop steward, the dispatcher can dispatch an applicant on the list who is qualified to be the shop steward regardless of where he/she appears on the dispatch list.

Section 24. EMPLOYMENT OF FITTER IN CERTAIN TYPES OF WORK.

In the event any welding is to be performed in the installation of any industrial piping, a steamfitter shall be employed to work with a pipefitter/welder and shall perform the layout, measuring, and other tasks such as safety.

Section 25. NON-DISCRIMINATION COMPLIANCE MODIFICATIONS

All of the provisions of this Article may be subject to change pursuant to requirements of applicable law.

ARTICLE III

Section 26. JOINT APPRENTICESHIP COMMITTEE.

The U.A. Local 38 Apprentice and Journeyman Training Trust is empowered to establish programs of training for apprentices and for supplementary training of journeymen. In fulfilling its functions, the Trustees of the Apprentice and Journeyman Training Trust have placed under the Joint Apprenticeship Committee all duly qualified apprentices. The Joint Apprenticeship Committee shall consist of eight (8) members. Four (4) shall be designated by the Union; and four (4) shall be designated by signatory Associations, three (3) from MCA and one (1) from SFMPA, provided however that two (2) and two (2) shall constitute a quorum. The Joint Apprenticeship Committee shall have the function of serving as the operating administrators of the U.A. Local 38 Apprentice and Journeyman Training Trust, and in this connection shall have the power:

(a) **POWER TO ESTABLISH STANDARDS.** To establish uniform apprenticeship standards, governing eligibility, registration and education of duly qualified apprentices to meet the needs and requirements of the trade, which standards shall become part of this Agreement;

(b) **POWER TO MOVE APPRENTICES AMONG EMPLOYERS.** To insure each apprentice obtains complete and well-rounded training in all phases of his classification; and to that end, the Committee, upon the recommendation of the Training Director, may move apprentices from one (1) Employer to another;

(c) **SUPERVISION OVER JOURNEYMEN TRAINING PROGRAMS.** To supervise and carry out a program of supplementary training for journeymen plumbers, steamfitters, HVAC/Refrigeration journeymen and welders.

(d) **AFFIRMATIVE ACTION PROGRAM.** To implement a program of affirmative action to assure that apprentices are selected in accordance with the requirements of existing and applicable Federal and State Law.

(e) **SUPPLEMENTARY TRAINING OF JOURNEYMEN.** In establishing and continuing programs for supplementary training of journeymen, the U.A. Local 38 Apprenticeship and Journeyman Training Trust, its Trustees, the Joint Apprenticeship Committee and the Training Director shall develop and maintain effective programs providing training to adequately prepare employees to be foremen and supervisors, and shall also develop and maintain effective programs to increase journeymen knowledge and technology, "as-built" drawings, mathematics pertinent to the construction

industry, relevant CAL-OSHA regulations, new materials and technologies used or expected to be used in the construction industry, earthquake construction, building codes and proposed building codes.

Section 27. TRAINING DIRECTOR.

There shall be a full-time Training Director, whose duties shall be to carry out the program of the Joint Apprenticeship Committee and the U.A. Local 38 Apprentice and Journeyman Training Trust. His/her salary shall be paid from the U.A. Local 38 Apprentice and Journeyman Training Trust. He/she shall have such secretarial and other assistants as the Trustees may decide.

The Training Director shall be in charge of implementing any affirmative action program or agreement entered into between the parties to this Agreement and any Federal, State or Local Agency. It shall be his/her responsibility, subject to the direction of the Apprentice and Journeyman Training Trust, to maintain all applications for apprentice status, and to see that the appropriate committees take action in compliance with any affirmative action program adopted by the parties, to see that all tests are fair and free of racial or sex bias and to oversee and coordinate the activities of all individuals and committees functioning in the employment process, examination process, application process for journeymen or apprentice membership to the fullest extent necessary to implement any required affirmative action effort.

Section 28. APPRENTICES.

WHEREAS, it is the desire of Local Union 38 to assist the Employer in reducing aggregate crew costs so that Employers will bid on jobs on which they have abandoned bidding because of non-union competitive costs, Local Union 38 proposes and the parties agree to the following.

(a) RATIO OF APPRENTICES TO JOURNEYMEN PER CONTRACTOR. On all new construction or alteration work, whenever a contractor hires one (1) journeyman, either a plumber, a steamfitter or a HVAC/Refrigeration journeyman, he shall be entitled to hire two (2) apprentices. In the event that he hires only one (1) apprentice, the apprentice may be from either low or high period at the option of the employer. In the event he hires two (2) apprentices, one (1) shall be from the sixth(6th) through the tenth (10th) period and the other may be from the first (1st) through the fifth(5th) period.

The fourth(4th), fifth(5th) and sixth(6th) persons hired shall be journeymen. The seventh(7th) person hired must be an apprentice from the sixth(6th) through the tenth(10th) period. The eighth(8th) person hired may be an apprentice from any period. The ninth(9th) through the eleventh(11th) persons hired shall be a journeyman. The twelfth(12th) person hired may be an apprentice but must be a high period. The thirteenth(13th) person

hired may be an apprentice from any period. The fourteenth (14th) through the sixteenth (16th) persons hired shall be a journeyman. The seventeenth (17th) persons hired can be an apprentice but must be from a high period. The ratio thereafter shall be three (3) journeyman followed by an apprentice from alternating periods (low/high).

(1) Low period apprentices shall be designated as one (1) through five (5). High period apprentices shall be designated as six (6) through ten (10).

(2) Although the ratio is shop wide, it is not the intent of the parties to overload any single job site with apprentices. It would be a violation of this Agreement for any single job site to be overloaded with apprentices contrary to Section 28 (a). Apprentice ratio by high and low periods are agreed to by the parties "if available".

(b) STEAMFITTER, PLUMBER AND HVAC/Refrigeration APPRENTICES CONFINED TO RESPECTIVE WORK. Steamfitter apprentices shall perform only steamfitter work, plumbing apprentices shall perform only plumbing work and HVAC/Refrigeration apprentices shall perform only HVAC/Refrigeration work.

(c) HOLE CUTTING/PACKING, PIPE LABELING AND DITCH DIGGING WORK OF APPRENTICES. All manual labor related to the work of journeymen under this Agreement, including the digging of ditches and the cutting/packing of holes, and labeling of pipes shall be the work of the apprentices under this Agreement.

(d) SHOP BOY. It shall be a violation of this Agreement for any employer to employ any shop boy or to permit any employee, however designated, other than Local Union 38 apprentices to perform any work within the Fifty Points of the Scope of Work of Local Union 38 and the United Association.

(e) UNION ORIENTATION PROGRAM. A suitable portion of each apprentice school training period, as determined by the Joint Apprenticeship Committee, shall be devoted to educating apprentices with respect to the background, history and functioning of the labor movement, the United Association and Local Union No. 38.

(f) UNION MEMBERSHIP REQUIREMENT. Following an apprentice's indenture, said apprentice shall become a member of the Union and shall thereafter remain in good standing in the Union as a condition to remain in the apprenticeship program.

decision notwithstanding the absence of any party to the dispute. If either the Employer Association representatives or the Union representatives fail to appear at the time and place for such scheduled hearing, the party presenting the grievance may unilaterally move the dispute directly to arbitration as if the Committee had deadlocked with a tie vote.

(h) The Arbitration Committee shall meet and render a decision by a majority vote within ten (10) days of submission of the dispute unless the time is extended by a majority vote of the Arbitration Committee. A tie vote shall be deemed a failure to render a decision. In the event the Arbitration Committee renders a decision, it shall be final and binding on all parties to the dispute. (r) No Union representative who is the representative filing a charge or who has participated in the investigation of a charge against an Employer or individual shall participate as a member of the Arbitration Committee hearing that charge. This shall not preclude other Union representatives of Local 38 from sitting on the Arbitration Committee. No Management representative who is the representative filing a charge or who has participated in the investigation of a charge shall participate as a member of the Arbitration Committee hearing that charge. This shall not preclude other Management representatives serving as and in place of said disqualified Management representative on the Arbitration Committee.

(s) In the event there is a challenge on the grounds of bias, prejudice or conflict of interest against any member of the Arbitration Committee by any party to the dispute, the matter shall be ruled on by the remaining members of the Arbitration Committee. Any challenge on the grounds of bias, prejudice or conflict of interest shall be filed at least forty-eight (48)

hours before the meeting of the Arbitration Committee and shall specify in detail the grounds for such disqualification. Notice of a desire to change working conditions shall be given to the other party not later than sixty (60) days prior to the anniversary date and the proposed working conditions shall be submitted at that time. In the event that the parties are unable to reach agreement on the proposed changes in working conditions, the proposed working conditions shall be submitted to an impartial arbitrator whose decision shall be final and binding. For purposes of this Section, holidays shall be considered a working condition. The work week and hours shall not apply to this section unless the Joint Labor Management Committee agrees.

Section 80. SAVINGS CLAUSE.

It is not the intent of either party hereto to violate any laws, rulings or regulations of any governmental authority or agency having jurisdiction of the subject matter of this Agreement, and the parties hereto agree that in the event any provisions of this Agreement are finally determined to be illegal or void as being in contravention of any such laws, rulings or regulations, the remainder of the Agreement shall remain in full force and effect and the parties shall immediately enter into negotiations for the purpose of correcting the illegal or void portions so as best to effectuate the intent of this Agreement. In the event the parties are unable to agree on such corrections, the matter may be referred to arbitration by either party in accordance with the provisions contained herein. Under no circumstances shall any alleged illegality excuse payment of wages or fringe benefits.

In the event any fringe benefit contribution is contended to be illegal or void, such contention shall not excuse making the required contribution, but such contribution shall accumulate in escrow pending determination of the legality and should it ultimately be determined to be illegal, the fringe benefit contribution and the monies accumulated in escrow shall be allocated to such lawful fringe benefit program as the Union may determine

and the parties shall endeavor to, so far as possible, correct the illegality to conform as closely as possible and legally permissible to the intent of the original fringe benefit contribution.

Section 81. WAGE CONTROL PROVISIONS.

It is recognized that the Union has entered into this Agreement for five(5) calendar years on the assumption that no Governmental Agency will disapprove any of the increases or provisions of this Agreement. In the event of the imposition of wage or other controls resulting in a reduction or denial of any wage or benefit provided in this Agreement, the Union, at its option, may reopen the Collective Bargaining Agreement at any time during the term of this Agreement upon sixty (60) days written notice with a view to renegotiating wages and fringes.

In any such reopening, it shall be the objective of the parties to preserve the real wages and fringe benefits of this Agreement to the fullest extent permitted by law and to permit the Union to recapture any losses at the earliest date it is legally permissible to do so.

In the event of any dispute whether any Governmental regulation, order or statute does preclude payment of any wages or fringe benefits provided in this Agreement, the parties shall continue to pay any disputed amount into escrow until a court of competent jurisdiction has determined that it is unlawful or improper to do so.

Section 82. WARRANTY.

Each of the parties hereto warrants and agrees that it will not, by the adoption or amendment of any provisions of its articles of incorporation, ownership or change in geographical location, constitution, by laws or by contract, or by any means whatsoever, take any action that will prevent or impede it in the full and complete performance of each and every term or condition hereof. The warranties and agreements contained in this paragraph are made by each of the signatories hereto on its own behalf and on behalf of each organization for which it is acting hereunder. The individuals signing this Agreement in their official capacity and the signatories hereto hereby guarantee and warrant their authority to act for and bind the respective parties or organizations whom their signatures purport to represent and the local union on whose behalf the said parties are signing the said Agreement.

This Agreement contains all of the covenants, stipulations and provisions agreed upon by the parties hereto and no agent or representative of either party has authority to make and none of the parties shall be bound by nor liable for any statement, representation, promise, inducement or agreement not set forth herein; that any provision in the working rules of the local union, with reference to the relations between the individual Employer and their

employees, in conflict with the terms of the Agreement, shall be deemed to be waived and any such rules or regulations which may hereafter be adopted by the local union shall have no application to work hereunder.

Section 83. CANCELLATION OF AGREEMENT.

Notwithstanding any other provision herein contained, the Union may, at its option, cancel this Agreement with respect to any Employer who fails to comply with a decision of the Arbitration Committee or Arbitrator within five (5) days of notification of such decision.

Section 84. MAINTAINING DIFFERENTIAL ON REOPENING.

(a) At all times for the duration of this Agreement, Local Union 38 shall maintain not less than ten percent (10%) differential in aggregate wages and fringe benefits, as defined below, above the highest total of aggregate wages and benefits negotiated by any of the following Bay Area United Association locals within their jurisdiction: U.A. Local Unions 159, 342, 343, 393 and 467.

(b) Sub-section A shall be suspended for four (4) years until June 30, 2011 when it will be reinstated in its entirety and calculated on January 1, 2011. (For example, if the calculations for January 1, 2011 show money due regarding Section 84, such monies will be paid effective July 1, 2011 over and above the negotiated \$5.00 increase and after such increase if Local 38 is behind the 10% by any percentage such percentages are also due on July 1, 2011.)

(c) For the purpose of performing the calculations required under this section of the Agreement, "aggregate wages and fringe benefits" means the total amount payable to a journeyman as taxable wages, including but not limited to 401A define contribution, vacation and holiday contributions, or their equivalent, and all contributions which the Employers are obligated to pay to all trust funds, excluding "Employer Trusts." The "Employer Trusts" are Contract Administration Trust and the Hiring Hall and Arbitration Trust.

Contributions to Employer trust funds for the other U.A. locals shall be excluded from the calculations required under this Section.

(c) COMPUTATION OF THE DIFFERENTIAL.

(1) TEN PERCENT (10%) ABOVE THE HIGHEST RULE. Except as otherwise provided in this Section, aggregate Local 38 wages and fringes shall not be less than the differential percentage of one hundred ten percent (110%) of the aggregate wages and fringes enjoyed by any of the U.A. local unions identified above enjoying the highest aggregate wages and fringes under any collective bargaining agreement.

(2) CONTINUOUS ADJUSTMENT. If at any time during the

remaining term of this Agreement an increase in wages and/or fringes shall become effective for any other U.A. local unions listed above which would result in the members of Local 38 enjoying less than the aggregate amount required by the differential percentage, a differential increase shall be paid from the date such increase is agreed upon.

In the event that any U.A. local listed above has negotiated an increase in wages and/or fringe benefits that requires a differential increase for Local 38, and that local's increase is made retroactive to an earlier date, U.A. Local 38's differential increase shall not be retroactive. Instead, an amount equal to the amount that would have been due as a differential increase under this Section had such other local's increase actually commenced on the effective date of such increase, shall be amortized and paid over the remaining days in the contract year (July 1 to June 30) in which such increase occurs for the other U.A. local and shall continue to be paid during the term of the Agreement. This additional pro-rated amount shall be paid in addition to the amount of differential increase due as a prospective only increase. Example: If on October 1st another U.A. local negotiates an increase in their wages or fringe benefits that necessitates a differential increase of \$1.00 per hour in U.A. Local 38 wages or fringe benefits to maintain the ten percent (10%) differential, and that other U.A. local's increase is made retroactive to July 1st of that same contract year, U.A. Local 38 is due a total differential increase of \$1.33 per hour commencing October 1st and continuing during the term of the Agreement.

(3) ALLOCATION. Differential monies are subject to allocation by the Union pursuant to Section 37 of this Agreement, but the Union may allocate between wages and fringes at any time that differential is first paid or thereafter increases. Differential monies shall not be allocated to the Employer trusts.

(4) NO DECREASE IN PERCENTAGE DIFFERENTIAL. The differential percentage shall not be decreased during the term of this Agreement.

Section 85. FAVORED NATION CLAUSE.

The Union shall have the right to negotiate conditions relative to the needs of the Employers in particular geographical areas covered by this Agreement. In the event the Union should negotiate terms or conditions more favorable to any individual contractor or contractor associations in a particular geographical area, said terms and conditions shall be made available to all signatory Employers working in such geographical area.

Section 86. SPECIAL PROJECT AGREEMENT.

When a project to be constructed in the jurisdiction of Local Union 38 presents a unique problem of manning hours worked, or effective competition, the

individual Employer may, through his representative Association, petition the Business Manager or his designated representative for Special Project Agreement consideration. After presentation of special circumstances of the project, the Special Project Agreement may be written by the Business Manager or his designated representative provided that the parties agree and that Special Project Agreement be available to all individual Employers or through their representative Associations.

The favored nation provision shall not apply to the work performed under the Special Project Agreement.

Section 92. TERM OF AGREEMENT.

This Agreement shall become effective as of July 1, 2007 and shall remain in full force and effect until June 30, 2012, and thereafter from month to month unless either party gives written notice to modify or terminate this Agreement not less than sixty (60) days prior to June 30, 2012 or any subsequent month. Provided, however, that in the event a national emergency is declared by the President of the United States, either party may reopen for negotiations upon

sixty (60) days written notice, but no such reopening may diminish any of the wages or benefits as provided for in this Agreement. No written notice to terminate or modify may be made by any Employer after a successor Agreement has been reached between the Union and any Association and the Employer has not, prior to the execution of such Agreement, notified the Union of its intent to terminate or modify the Agreement. The Employer shall be deemed bound by the Association Agreement so executed to the extent he has previously executed an Agreement to be bound by the terms of any successor Agreement.
