10 Day Look Ahead: Construction Activities

Friday May 12, 2017 through Sunday May 21, 2017

Special Notices:

Natoma Street Full Closure Nights and Weekends (between Fremont and Second Streets): Underground Utility will continue until late May, Sunday through Thursday nights between 7:00 PM and 4:30 AM the next day. This work may occasionally include high vibration and loud activities. Work will include excavation, loading/unloading trucks, materials handling and general construction as we connect the Transit Center piping to the City systems. Traffic control devices and construction flaggers will be assigned to assist with traffic and pedestrians. Local Access will always be available.

Minna Street Full Closure Nights and Weekends (between First and Second Streets): Underground Utility work will continue until late May, Sunday through Thursday nights between 7:00 PM and 4:30 AM the next day. This work will occasionally include high vibration and loud activities. Work will include excavation, loading/unloading trucks, materials handling and general construction as we connect the Transit Center piping to the City systems. Traffic control devices and construction flaggers will be assigned to assist with traffic and pedestrians. Local Access will always be available.
